

HAMBLIN-TALLEY EXCEPTIONAL SERVICE AWARD

By Stan Miller, CPP, Chairman, Mid-South Chapter

The Mid-South Chapter has established the *Hamblin-Talley Exceptional Service Award* to recognize and honor the extraordinary sustained services provided by esteemed Mid-South Chapter members Paulette Hamblin, ISP and Charles Talley, ISP.

Both Ms. Hamblin and Mr. Talley have served with distinction at the local and national levels of NCMS, The Society of Industrial Security Professionals.

2011-2012 Chapter Vice-Chairman, Paul Malone, emphasized that, "this award recognizes their exceptional record of excellence as industrial security professionals and is a tribute to their lasting contributions to the Mid-South Chapter and the Society."

Paulette Hamblin, ISP, has served as Chapter Chair, conceived and put into practice the highly successful, "The NISPOM Tells You What, We Tell You How" quarterly training series and served with distinction on the NCMS Board of Directors from 2005-2010, including service as Society President during 2008-2010.

Charles Talley, ISP, has served as the Mid-South Chapter Chair on three separate occasions, founded the chapter annual training seminar and served as Chairman since its inception in 1998. He served on the NCMS Board of Directors during 2002-2005, including a two-year term as Vice-President.

The award, which is to be presented annually at the chapter business meeting, will recognize a deserving chapter member who has made significant contributions to the success of the chapter and who has distinguished themselves through significant and noteworthy contributions, service, support, and professional excellence in areas not recognized by other Society/chapter individual awards.

Nomination criteria and related details will be posted to the chapter website. Both honorees, Ms. Hamblin and Mr. Talley, will serve on the Committee, which will review and select a worthy recipient. Recognition will include an engraved plaque and a monetary award. ❖
